

## Non-Uniform Day at LKPS Is a Success!

By Charlotte Chau (5C) and Angelina So (5A)

**O**n 18<sup>th</sup> September 2018, LKPS students from P.1 to P.6 wore their own clothes. They didn't have to wear school uniforms because students needed to raise money for charity. They raised money for poor children. Girls wore beautiful T-shirts and shorts or skirts. Boys wore T-shirts and long pants. Students had to bring in different accessories such as glasses, bracelets and flowers. Different classes had different accessories to bring.

Students wore their casual clothes and accessories in photographs. They stood in different positions and formed different shapes. The best class photograph won a reward. Everyone tried to create the best picture to win 20 SUPER KID reward points!

Many students liked the non-uniform day. Monique Chan from 5A said, "I loved the non-uniform day because I could wear my own clothes."

Aidan in 5A said, "It was fun! Everybody wore funny costumes."

Let's hope there will be another non-uniform day in the future.

## New People and New Things Come to Lee Kam

By Aidan Cheung (5A), Jasper To (5A) and Azure Wu (5D)

**T**his school year, beginning 1<sup>st</sup> September 2018, many new teachers came to Lee Kam Primary School and there were many new things too! Compared to last year, there are more new teachers to the school, such as Ms. Kong who teaches P.5, Mr. Chan who teaches maths, and Ms. Pang who teaches art and English. They are all very kind and caring.

Ms. Becky is the new Young Reporters teacher. Previously, Ms. Amanda was in charge of the activity. Ms. Becky comes from London where she was a primary school teacher, and she said, "I think it's challenging and fun to teach people in Hong Kong." She noticed that the students in Hong Kong are very smart.

Next, there is a new timetable this year. After lunch, there is a 30-minute recess for students to go

# Celebrating Mid-Autumn Festival at School

By Candy Chin (4B) and Gwyneth Kwan (4B)

**O**n 21<sup>st</sup> September at 10:30 a.m., every P.1-P.6 student at Lee Kam Primary School celebrated the Mid-Autumn Festival by sharing food and playing some games.

Students brought food like mooncakes and fruit and drinks like juice and tea. Teachers asked them to bring food from home. They shared the food and drinks and together had a fun time. Daisy Ng in 4D said, "The food was very yummy." In 4B, most of the class liked the mooncakes. One student ate two big mooncakes!

They also talked a lot about how they celebrate the Mid-Autumn Festival with their families. They found out that some people celebrate this festival, and some do not.

Some teachers brought colourful lanterns to decorate the classrooms, like red, yellow, purple, blue and pink ones. All the classrooms became beautiful. Miss Kwan from 4B said, "I like to celebrate the Mid-Autumn Festival with my students."

On the ground floor, there were a lot of games like "Find The Word About The Mid-Autumn Festival". There were some cards on the floor. Some cards were about the Mid-Autumn Festival, and some were not. Students had to find and read the correct cards. Another game was hopscotch. In hopscotch, the teacher put down some cards. Then, one student needed to go to the end of the hopscotch grid, and one student needed to go to the beginning. If they jumped and found a card in front of them, they had to pick it up. When the players met, they had to play Rock-Paper-Scissors. The winner got a prize.

When students won games, they got candies. Everyone got a lot of candies, and they felt happy at the end of the celebrations.

# Scary and Fun Halloween at Lee Kam Primary

By Jone Cheng (5E) and Jason Law (5D)

**F**rom 2 p.m. to 3 p.m. on 31<sup>st</sup> October 2018, all students, teachers and parents celebrated Halloween in Lee Kam Primary School Hall. The activities in the hall included a haunted house and scary and exciting games like "Tongue Twister". To play "Tongue Twister", you needed to pick a word and say very difficult sentences.

In the haunted house, there were eyeballs dangling from the ceiling and a shiny silver door. Teachers were inside wearing costumes to scare the students. Students could see scary things like skeletons with many bones and skulls.

Alan from 5E said, "I think Halloween is great because we can scare people all the time." Students wore different costumes to scare people and ask them to give candies. They wore pumpkin, ghost, zombie, vampire and witch costumes. They also wore face paint and makeup. They were scary, scary, scary!

There were many decorations. Some were hanging from the ceiling to frighten people. There were big pumpkins and also vampires and ghosts. Jimber from 5E said, "Halloween is great because it's exciting."

Halloween is very exciting, so don't miss next year's party!

# Lee Kam Goes to the Sky Challenge Day Camp

By Gabriel Litt (4E) and Jeremy Ronn Ng (5D)

**O**n 21<sup>st</sup> October 2018, Lee Kam's P.4 class went to the Sky Challenge day camp in Yuen Long Park. They travelled there by bus. The students wore bright green T-shirts and long black trousers. At the camp, they did many activities and games. The goal of the activities was to learn to take care of themselves, work together, improve problem-solving abilities and strengthen communication skills.

During the day, students took part in a Pick The Pea competition. The student who picked the most peas won. Hanson in 4D said, "We played games. They were fun!"

Let's hope students can go back again next year!

## Lee Kam's Choir Is Fun

By Marcus Mok (5D) and Ian Siu (6B)

**O**n Mondays after school, from 3:30 to 4:30 p.m., students who like singing go to the music room on the first floor to practise for choir. About 30 to 40 students are in the choir. P.1-P.3 students are in a group and P.4-P.5 students are in another group to practise more difficult songs. The choir teachers are Ms. Yip and Ms. Leung. Ms. Yip is 6B's English teacher, and Ms. Leung teaches English too. The teachers want to make students interested in singing. That's why the school has a choir.

An amazing show of the choir at Lee Kam last year

Students sang in Chinese and English this term. They sang, "As the Sun Opens the Door" and "I Bought a Guitar." Lee Kam's choir sang at the school carnival on 15<sup>th</sup> December 2018. All the children wore school uniforms.

The school choir often goes to other schools to compete. Jason Law from 5D said, "Choir is a good activity for kids. It will make Lee Kam Primary School more famous because of the interschool competitions."

Lee Kam's choir also watched other choirs' performances to improve their skills. They watched the choirs in their schools or at Tuen Mun Town Hall.

Jason Cheung from 5E said, "Although I am not in the choir, when I hear their beautiful voices, it makes me relax. I love the choir!"

Jone Cheng also said, "I would love to join the choir as my voice is beautiful too!"

Students have a fun and interesting time in choir. If you are interested in singing, the school choir teacher will welcome you!

## Lee Kam Enjoys a Relaxing Picnic

By Natalie Mok (6A) and Venus Leung (6A)

**O**n 26<sup>th</sup> October 2018, on a hot, sunny day, all the students, teachers and the principal of Lee Kam Primary School went to Jordan Valley Park to have a school picnic. They wanted to relax and enjoy themselves. They went by school bus. The day started at 8:15 a.m.

When they got there, each class took a photo. Most of the students ran and played in the park. Students enjoyed playing hide-and-seek. For the picnic, some people ate chips, sandwiches and also yummy salad!

Class 6A at the school picnic

Kandra from 6A said, "The picnic was enjoyable. The activities were fun, and the place was a suitable one for having a picnic."

At 1:30 p.m., they went back to school at last. Everyone enjoyed the day.

# Lee Kam's Fun and Hardworking Football Team

By Marvin Wong (6C) and Morris Wong (6C)

Every Tuesday and Thursday afternoon at Lee Kam Primary School, football team members practise different skills with their coaches. It is hard work but fun. All team members wear their P.E. uniforms and go to the playground on the second floor.

The football teachers, Mr. Liu and Mr. Chan, have divided them into two teams, Teams A and B. Team B is for the members that have just joined football. They practise basic football skills, such as kicking the ball to each other. One member of Team B said, "I will practise very hard and join Team A when I'm in P.4." Team A practises difficult football skills, such as crossing the ball in front of the goal. If there is time at the end of training, players have a competition.

Chan Zok Yin from 6C said, "I think it's fun to have a competition because then I can put the football skills that I have learned into practice."

The footballers said Mr. Liu gets angry if someone is careless, when they are noisy or when

they argue with each other.

They also have competitions against other schools. In November, Lee Kam played a match against a school in Tuen Mun. In the end, Lee Kam won the match. All the members of the team and the teachers were happy. They hope they can win another competition again soon.

At Lee Kam, there is also a basketball team, a badminton team and a volleyball team. A survey for this newspaper found that the most popular sport in the school is football and the least popular is volleyball.

## New Things at LKPS

(Continued from page 1)

anywhere in the school. Students who feel like doing sports can run to the playground and play ball games.

Students also had new things at LKPS. First, new Windows 10 computers arrived in the classrooms. Teachers can find information and documents more quickly now because of the increased speed. Also, the school ordered a batch of new iPads and registered Google accounts for every student. Students can now use apps like Nearpod, Google Classroom and Kahoot. They can submit homework through Google Classroom if their teacher permits. The school also added more books to the library and a vending machine and a foosball table.

Most students in class 5E like learning with Kahoot because the quizzes have rankings, and all the students want to be first place in the class.

Hope you enjoy the school year and work hard. You will face a lot of new challenges this year!

## S.T.E.M. Is Fun at Lee Kam

By Ethan Chan (4B) and Hanson Lau (4D)

On Mondays after school from September to December 2018, Lee Kam's teachers organised some S.T.E.M. (Science, Technology, Engineering and Maths) activities to help students learn about science and technology. Students did the activities in the maths room, and every student from P.1 to P.6 completed S.T.E.M. activities.

Students played some games. Teachers taught them to do some very tricky but fun things. The children were very excited. For example, the games included one with ping-pong balls. The game was fun and called "Ping-Pong Battles". There was another activity called "Rollercoaster".

Some parents took photos of the students and made videos. Parents thought the activities were fun too.

The teachers were very happy teaching the children and thought S.T.E.M. activities could help them to find work in the future. Lee Kam should keep doing S.T.E.M.!
