

## Teachers and Students Have Chinese Reading Month

By Po Yip (4B) and Marvin Wong (4D)

**F**rom September to mid-October, Ms. Wong and Mr. Wong organised an activity called Chinese Reading Month in the Lee Kam Primary School library. They planned this activity because they wanted to help students promote reading.

Many students came to the library to borrow Chinese books. The Chinese books came from the public libraries of Hong Kong. Ms. Ng said that the books were free. Students liked fiction books more than non-fiction books because they thought non-fiction books were boring.

**Wong Po Chun from 4D said, "I love all the fiction books."**

A lot of **children's books** were chosen by P.2 and P.3 students. P.5 and P.6 students loved reading novels. P.1 and P.4 students

These are the parents and teachers who helped with the Chinese Reading Month.

loved reading superhero books.

**Ms. Ng said, "It was fun. Many teachers recommended good books. I believe the students thought it was fun." She also said, "Reading is important. It helps define yourself."**

## School Halloween Party

By Cassie Leung (4A) and Ankie Lo (5E)

**O**n the 28<sup>th</sup> of October at Lee Kam Primary School, students had a scary Halloween party in the school hall. All the students at school dressed up. Students bought some Halloween clothes. Some of **them wore zombie clothes, witches' hats, and also Marvel costumes.** In every class, there was a dress-up contest. In 5E, Isaac won the contest by dressing up like Mario from Nintendo.

There was a haunted house and there were games to play. Many people visited the haunted house. The haunted house was

scary. Miss Karen hid behind some black fabric to splash some water on students. Also, she and the **English buddies would sometimes catch people's legs.** Students thought it was fun to play there.

On the other side of the hall, the games booths were interesting and fun too! Cassy Wong from 5E **played the games. She said, "Touching the gross things was very scary because I didn't know what was inside the box."**

Students liked the Halloween celebration very much. They hope there will be a scary Halloween party next year too.

# All Students Went on a Trip to Learn about Trees

By Thomas Chan (5B), Tac Cheung (5D), and Maxwell Yeung (5A)

**O**n 3<sup>rd</sup> October, all the students went on a trip to learn all about trees.

The P.1 students went to Tuen Mun Park. P.2 and P.3 went to Inspiration Lake near Disneyland. P.4 went to Victoria Park, P.5 went to Kowloon Park and P.6 went to a farm. They went there by school bus. They brought clipboards for doing tree worksheets, some snacks, pencil cases and colour pencils.

When they arrived, the students were excited. They took many beautiful photos. They drew many pictures about trees. The teachers taught them more about trees. The students were curious. When they had **to leave, they didn't want to because they wanted to know more about the trees.**

Everyone liked the trip. Paco Choi from 5E said, **"I liked this trip because I could look at the trees and plants."**

The 5A class takes a photo in Kowloon Park.

**Miss Sean who teaches 5C said, "I followed 5C. I liked this trip because I like trees. They can make the air fresh."**

Everybody had an exciting trip, and they all learned more about trees. The next Life-Wide Learning Day is next year.

## Two Typhoons in One Week!

By Hayley Kee (6E) and Chloe Lee (6A)

**D**uring the week from 15<sup>th</sup> October to 21<sup>st</sup> October, two typhoons passed by Hong Kong.

**One of the typhoons, "Sarika", was very close to Hong Kong on 15<sup>th</sup> October.** There was a Typhoon Signal 3 that day, but it only happened after school.

 The black rainstorm signal was raised on Wednesday. It was the first time in ten years that the black rainstorm was raised in October. It was raining heavily that day, so the PE lessons were disturbed. **Students couldn't learn running, which was planned to be taught outside.** Instead, some of them did homework in the classrooms. Some of them played games.

**Ada Ho from 6D said, "I felt disappointed that the rain disturbed the PE lesson."**

**Mr. Wong, who taught PE, said, "This absolutely disturbed our volleyball team training. We needed to stay indoors and did nothing!"**

**Another typhoon, "Haima",** nearly hit Hong Kong on 17<sup>th</sup> October. The Typhoon Signal 8 was raised. The typhoon came

from the Philippines. There were 153 trees that fell and a few accidents. Lots of people complained about the trees because they were stuck on the road.

All of the students had a holiday on this day because of the Typhoon Signal 8. Paul Chang from 6A **said, "I played video games at home on that day. It was boring."** However, lots of students felt very, very happy about this typhoon. Most of them had a great time resting on that day!

Ms. Meng is the class teacher of 2A. She teaches Chinese. She says, **“I feel happy to teach at Lee Kam.”** She told us that she came to Lee Kam

Miss Lam is introducing herself on the first day of school.

because Ms. So invited her to come.

Ms. Yeung is the class teacher of 2C. She teaches Chinese too. **She says, “I feel happy to be the class teacher of 2C. I chose to teach in a primary school because I love children.”** She has never been a teacher before.

Ms. Yip is the class teacher of 4B. She is from England. She teaches Music and English. Isaac Poon from 4B says, **“I think Ms. Yip teaches me very well.”** Ms. Yip teaches at Lee Kam because she wanted to try to teach children in a primary school.

Miss Lam is the class teacher of 4C. She loves the children in 4C. Angus Wong from 4C says, **“We love Miss Lam so much!”** She teaches English.

The four new teachers are all great. We hope there will be more great teachers next year!

## Prefect Allegiance

By Peony Lui (5B) and Ingrid Lee (5D)

**O**n the assembly of 30<sup>th</sup> September, all the prefects took an oath to all Lee Kam Primary School students. They promised to be good prefects.

All the prefects are taking their oath.

This was the first time the prefects had a ceremony. They stood on the stage and said out their speech together. After the prefects said their speech together, all the students clapped their hands.

There are fifty prefects. Mr. Leung, the dean of students, chose prefects from Primary 4 to Primary 6. **He said, “I chose students who got As for their conduct and they must also be helpful!”**

The vice-captain of the prefects, Zita Lee, said, **“I want to be a prefect because I can help Mr. Leung to maintain order in the school.”**

Because of this prefect allegiance speech, the students know that the prefects can help them and Mr. Leung maintain the school.

## Dress Casual Day

By Sean Cheng (6E) and Sky Leung (6E)

**O**n 6<sup>th</sup> October 2016, Lee Kam Primary School held a Dress Casual Day. Most of the students in LKPS dressed in casual clothes and donated money to the Community Chest charity to help the poor people so they can improve their lives. They have had this Dress Casual Day in LKPS every year since 2011.

Most of the students from LKPS wore T-shirts and shorts or dresses. Some of the people chose not to **wear casual clothes, such as Kubi from 6E. He said, "I**

forgot about it, but I still donated \$20 to help people in need."

**The charity's name is Community Chest, and** they hold a lot of functions to help the people in need. Dress Casual Day is one of the events. Every year, the prefects will help to collect money and all the people from LKPS donate at least \$20 each.

**Miss Koo said, "I think the event is fun because many people show up in different costumes."** She thinks it is meaningful because the students can donate money to help people.

**Ms. Xiong said, "It was so interesting. I like to** dress in casual clothes to school. The students were very cute when they dressed in casual clothes. I can see them in a **different way."**

Even if some of the people did not dress casual, most of the students still donated money. Hope you enjoy the next Dress Casual Day!

## New Timetable

By Chloe Cheung (6E) and Yanis Miu (5B)

**F**or the new term at Lee Kam Primary School, the school changed the timetable. They changed all the lessons after lunch.

After our school changed the timetable, all the lessons changed to thirty-five minutes per lesson. Emily Wong from 5B **said, "I hope that we can have more time to do homework because we want to finish all the homework at school."**

A new recess is now added after the English **Reading lesson. It's only fifteen minutes. Students** cannot go downstairs or upstairs. They cannot borrow books from the library. They can only stay in

their classrooms or go to the washroom. They can also sit on the benches outside of their classrooms. They can either drink some water or eat something.

Assembly is the last lesson on Friday. Also, **there won't be any homework lessons on Friday** because we can finish our homework on Saturday and Sunday. From Monday to Thursday, the last three lessons are homework lessons. Miss Xiong **said, "The school didn't want the students to do homework at home."**

Most students are happy that they can finish their homework at school.
