

## Lee Kam Primary School's Fun and Interesting Picnic

By Peony Lui (5B) and Ankie Lo (5E)

**O**n 10<sup>th</sup> November 2016, all students, teachers, and parents went to Kam Tin Village to have a picnic. They all had a fun time together.

Students and their parents have a barbecue at the picnic.

of food like fish balls and sausages. They were delicious. Everyone liked having the barbecue very much.

All the students wore their PE uniform. Some of them and their families had a barbecue. There were many kinds

**Wing Lee from 5B said, "The barbecue food was delicious and the food was very, very cheap."**

There were many special things to do at the picnic. We could feed the sheep at the village and there were rides like electric animal cars.

There were also many games to play. Mr. Liu designed many games for P.1-P.6 students. P.5-P.6 played passing balls. Each class chanted loudly when they played the game. It was fun. In P.5, class 5D won the game! They won a big pack of snacks. They were all very happy and surprised when they won the game.

**A parent of Ingrid Lee in 5D said, "I had a nice time with my children at the picnic."**

We hope there will be another fun and interesting picnic next year.

## Maths Reading Month

By Marcus Wong (4A), Marvin Wong (4D), and Thomas Chan (5B)

**I**n November, the teachers planned Maths Reading Month in Lee Kam Primary School to improve our Maths skills. We read books about dividing and multiplying, measuring, and shapes too.

Students always went to the library to borrow Maths books. The books helped them improve their Mathematics skills in many ways. The P.1-P.3 students loved reading books. The P.4-P.6 students read books to P.1-P.3 students. The students thought the books helped them a lot. They liked the stories a lot too.

There were lots of games and activities at recess too. For example, one activity was subtracting numbers and choosing the right answer. Students could also do reports on Maths to get marks and

exchange them for presents like pens, files, and folders.

Everyone is having fun while reading.

# School Carnival

By Sky Leung (6E) and Hayley Kee (6E)

**M**any schools hold school carnivals to publicize their school. On 10<sup>th</sup> December 2016, Lee Kam Primary School held a special carnival day.

On that day, some guests came to support our school. They cut the ribbon to start the carnival. There were students who made a welcome speech. Then, the orchestra played some songs. The conductor of the **orchestra said, "It was a fun day where everyone was happy!" Then, there were a lot of performances by talented students, like some people playing the piano and singing.**

There were game booths too. There were some secondary schools and kindergartens who did the games. The games were all very popular because they were exciting. For example, there were throwing

games and some Maths games.

That day, some students showed people around the school. In the canteen, there

was some food to sell. The money from selling the food would be donated.

The parents walked around the school with their kids that were in kindergarten. Some of the parents said they thought our school was beautiful and the students here were happy. They liked the school! We **hope next year's school carnival can be just as fun.**

Ms. So and other guests are cutting the ribbon.

# Christmas Party

By Cassie Leung (4A) and Chloe Lee (6A)

Class 4D is having fun at the party.

**O**n 21<sup>st</sup> December 2016, Lee Kam Primary School held a Christmas party to let the students have some fun. The students had a lot of food, such as sushi, potato chips, chicken wings, and pineapple sausages. Every student brought their favourite food to school, so every table was full of tasty food.

They played different games. Games like Wind Blowing, Musical Chairs, Castle Attacking, and the Genius Show were played in different classes. The game that made everyone happy was Castle Attacking. The whole class was divided into two teams, and then erasers were placed on both sides. Each time, the teams would send a student to play paper-scissors-stone. **The one who won could "attack" and take away the eraser of the opposite side. Then that team would win!**

Then, they listened to some Christmas songs such as **"White Christmas", "Jingle Bells", and "Santa Claus is Coming to Town"**. **These songs made the classes feel the joy of Christmas.** Every student enjoyed the party a lot because this was a great chance to have an unforgettable gathering with their classmates.

The P.6 girls concentrate as they run their race.

## Sports Day at Lee Kam

By Ivan Tsang (4A) and Tac Cheung (5D)

**O**n 20<sup>th</sup> January 2017, all the Lee Kam students and parents had a fun Sports Day at Tang Siu Kin Sports Centre. We did many different kinds of sports competitions.

The competitions were the long jump, high jump, softball throw, 60-metre running race, 100-metre running race, 200-metre running race and 400-metre running race. There were three winners for each competition. They got a medal if they won.

The most special moment during the competition was when a child who was about three years old joined the 4x100 relay running race! Everyone was surprised when he got on the track.

**Primary 1 to 2 didn't need to join these competitions.** They just joined some easy obstacle races. They had to jump, crawl, and run around in their race. One of the obstacles was to run across a balance beam and back.

The school is split into five houses. They are Sincere, Unique, Pleasant, Energetic and Responsible. Sincere was the winning team in the end. We hope the other teams can have a chance to win too next time.

## Profiles: Lee Kam School Teams

### Basketball Team

By Maxwell Yeung (5A) and Sean Cheng (6E)

**O**ur school has a basketball team. They are very good at basketball. A lot of people are on the basketball team. There are about 40 people. All of them are from Primary 3 to Primary 6. All of them love basketball very much, so this is the biggest reason why many people are on the basketball team.

**“I joined the basketball team because I like basketball very much. I like the training very much too!” said Tony Yip from 6E.**

**“I joined the basketball team because my friends are all on the basketball team. I slowly learned to like basketball. I like**

**the training because it is fun,” said Ivan Chou from 6E.**

**“I think the basketball team is unique and special.”**

Mr. Liu is the main coach of the basketball team. Mr. Leung and Mrs. Kwan are the assistants of the main coach. They teach many students at the same time, so they are very busy during practice.

They practise on Mondays and Fridays. On Monday, the team practises a lot of different things such as passing, shooting, and dribbling. All of them are fun. On Friday, there is only one thing to practise which is a competition in teams. It is fun because they can play against their friends with basketball skills.

The team has already competed in a Tuen Mun School Competition. Even though they did not win it, they will join next year and try harder.

# Profiles: Lee Kam School Teams

## Badminton Team

By Ingrid Lee (5D) and Chloe Cheung (6E)

**I**n our school, we have lots of sports teams, such as the football team, the basketball team, **and the volleyball team, but we're going to** talk about the badminton team.

The badminton team only holds practice on Wednesdays and Fridays at Tai Hing Sport Centre. There are about thirty members in the badminton team. The youngest player is only in Primary 2. The players are good at badminton and work very hard in the practices.

Their coach is Mrs. Kot. She is kind, so all the **players like her very much. She said, "Most of the** students are doing a good job. They always make me **happy."**

**One of the players, Arina from 4C, said, "Mrs. Kot always cares about us. Sometimes she gives us candies. I like her!" The team all enjoy the lessons** with Mrs. Kot. Their relationship is good! They have also learned some tricks from her.

In their practice, the team does warm-up exercises together first. Then they start practising. They play with each other and even play with Mrs. Kot too! Because they practise hard, they have won many competitions.

## Drama Teams

By Po Yip (4B) and Yanis Miu (5B)

**M**iss Karen is the drama teacher and made the drama teams at Lee Kam Primary School. There are three drama teams.

Drama Team A does normal dramas. They perform at competitions. Drama Team B does dramas on Graduation Day. Drama Team C makes their own stories and acts them out. One of the stories was about the Hong Kong Maritimes. It was about the sea, treasure, and boats. Drama Team C won the English Radio Drama Competition last year.

All the drama teams perform in front of the whole school. They perform in front of lots of other people too. **Miss Karen says, "I made the** drama teams because I like **teaching drama."**

**Zita Lee from 5B said, "I enjoy acting in the** drama team. My favourite thing to do in the drama **team is making friends and acting with them."**

The drama teams have a lot of fun things to do. It also helps improve their English. We should be proud of the drama teams!
