

LKPS has Chinese Culture Day

By Marvin Wong (4D), Tac Cheng (5D) and Hayley Kee (6E)

On 17th February, it was Chinese Culture Day. Most of the students wore traditional Chinese clothing at STFA Lee Kam Primary School to celebrate Chinese New Year. Some students wore dresses in gold and red. They were all bright colours. Some teachers wore traditional clothing too. Some students had similar clothes.

Also, teachers made some riddles for the students to guess on the covered playground. They were all about Chinese culture. If students guessed it right, teachers would give them yummy candies. Although they didn't have special activities for class, they still enjoyed it.

At around 4:30 p.m., the school started to set up for a big dinner at night at LKPS. This dinner was for celebrating Chinese New Year. Parents came too. They played many games like lucky draw and watched performances like dancing, playing instruments, and singing songs. The dinner lasted for around three hours from 6:30 p.m. to 9:30 p.m. Ms. Leung, the class teacher of 2E, said, "It was very crowded."

Ernie Law from 4D said, "The food was delicious." At the end, Ms. So, the principal, handed out prizes.

Students are working together to solve riddles.

P.4 students are playing a game.

P.4-P.6 Went to Camp

By Thomas Chan (5B) and Marcus Wong (4A)

From February 22nd-24th 2017, the P.4-P.6 classes from LKPS had an educational camp. They went for 3 days and 2 nights.

P.4 went to the Hong Kong Baptist Assembly camp in Fanling, P.5 went to the Jockey Club Tai Tong Holiday Camp, and P.6 went to Pak Tam Chung Holiday Camp in Sai Kung.

On the first day, the students went to school at 1:30 p.m. When they arrived at their campsite, they went to the hall to play games like paper-scissors-stone and hide-and-seek. There were a lot of groups. Everybody felt excited.

On the second day, they played some more games. At night, they played an exciting game. Everyone would find some labels and write in the worksheets.

On the third day, the students had two hours of free time. They could play basketball, take photos, ride bikes, or do rock climbing

LKPS Students Go on HK Trip

By Cassie Leung (4A) and Po Yip (4B)

P. 4-6 students from Lee Kam Primary School went to Lam Tsuen in Tai Po to learn more about Hong Kong culture. All the P.4-P.6 students went on different dates. P.4 went on 10th February, 2017, P.5 went on 9th March, 2017 and P.6 went on 16th March, 2017. They all had a lot of fun there. The students bought a lot of things and took a lot of photos.

When the students got to Lam Tsuen, they were very excited. The Wishing Tree is the most famous thing there because people can have a wish at the Wishing Tree. P.4 ate a lot of snacks and bought a lot of toys. They also threw little fake oranges that are attached to red cards onto the Wishing Tree. The

students wrote their wishes, names and their dates of birth on the red cards.

Mr. Chan said, "I think it is fun. It helps the students learn about Hong Kong culture."

P.5 students visited a very old village school. They bought some food and souvenirs. P.6 students took many photos and ate food. They also went to the Wishing Tree. Gillan from 4A said, "It is fun. I could buy yummy food and I enjoyed the trip very much."

The 4A class takes a photo at the Chinese Zodiac Plaza.

English Day Makes All the Students Happy!

By Ankie Lo (5E) and Ingrid Lee (5D)

On 10th March, 2017, Lee Kam Primary School's students wore costumes of jobs to school because that day was English Day! It was fun and interesting!

P.5-P.6 pupils had a job project fair that day. Some of the class studied different jobs in entertainment and sports. They worked very hard for the projects, so the teachers thought the projects were successful.

Some classes made some games for students and teachers to play. If students played the games,

Class 6A show off their projects

they could learn more about what people do in their jobs every day. The greatest thing was getting a

candy after playing the game. P.5-P.6 students liked the project and had fun that day.

P.3-P.4 did a costume play that day. They pretended to be nurses, doctors, firemen, policemen and also chefs. They enjoyed the time. They also played some fun games too. They won the game by answering the English teacher's questions. All of them felt very happy.

P.1-P.2 played English booths at the canteen that day. Playing games made them learn many new English facts about different jobs so they all thought having English Day was enjoyable.

5D's class teacher, Miss Wong, said, "I saw students enjoy the day. I hope there is more time for them to play happily!"

Cassy Wong from 5E said, "I was very happy that day and I think English Day is a fun activity."

English Day was really exciting, so students are looking forward to next year.

Batman vs. Superman: Dawn of Justice

By Ivan Tsang (4A) and Sean Cheng (6E)

Batman vs Superman: Dawn of Justice is a 2016 American superhero film featuring the DC Comics characters Batman and Superman. The main cast is Ben Affleck, Henry Cavill, Amy Adams, Jesse Eisenberg, and Gal Gadot, and the film is directed by

Zack Snyder.

A few years ago, Batman fought with Superman. But Lex Luthor created a monster, so Batman, Superman and Wonder Woman teamed up and fought the monster.

The movie is exciting because the part where Batman fights Superman is amazing. Superman uses his x-ray power to fight Batman, and Batman uses Kryptonite to fight Superman. The acting and the special effects are matched perfectly, and that makes the movie look good. The scene when Batman saves Superman's mum is awesome.

It is an action movie for adults, but also children can watch it too! I would recommend that my friends watch it because the special effects are amazing. If you liked *Superman: Man of Steel*, you will like this one.

I will give the movie four stars out of five. I removed one star because the story was kind of cliché.

Thea Stilton & The Journey to Atlantis

By Yanis Miu (5B), and Chloe Lee (6A)

This is a mystery book for children. It is about the Thea sisters which are Thea, Paulina, Violet, Colette, Pamela and Nicky. This is their first adventure and it is about a blue-skinned boy named Atlas who got lost from the giant city of Atlantis. The

Thea sisters need to take him home. However, they face a lot of challenges throughout the journey. Can they get Atlas back home? Read the book and find out!

The author of the book is Elisabetta Dami. Yes, it's not Thea Stilton. Don't get shocked. Her writing style is good because the book comes to life. She describes the story with lots of detail.

My favourite part is the ending because it ends the story perfectly. I don't like the part when the Thea sisters try to communicate with Atlas because it shows how weird it is to talk to people from different cultures.

This book is for kids and adults as well. I also recommend this series to people who love mystery books. You will adore this book because there are clues in the book. We love this book! We would rate it five stars.

P.4-P.6 Camp (continued from p.1)

and archery. At night, a lot of students were very happy because they could talk with their friends. Tom Cheung from 5B said, "The camp was exciting, but we needed to walk up a lot of stairs."

Overall, P.4-P.6 students had an interesting and exciting educational camp.

PROFILES: Lee Kam School Teams

Our School Orchestra

By Sky Leung (6E) and Maxwell Yeung (5A)

Our school's orchestra has had about 50 members since 2011. Students from P.1 to P.6 can join! Most of the members play the violin, and others play the trumpet, trombone, horn, etc. The students have already learnt the instruments outside of school, and they make an orchestra together.

The conductor of the orchestra is called Brian Cheng. He is not a teacher from our school. He plays the violin. He is a professional musician and he enjoys being a conductor. He loves teaching children

too. "I think teaching is the best thing!" Brian Cheng said.

The orchestra usually practises every Thursday from 3:30 p.m. to 5:00 p.m. in the music room. They often practise a lot of songs, like an African song called "Siyahamba" and an English song, "Northumbrian Folk Song Suite". All the children are happy because they all love music! Angus Kwok from 6E said, "I think orchestra helps me a lot to improve my music skills."

In March, the orchestra attended a competition. It was at a secondary school called Ching Chung Hau Po Woon Secondary School. Over six teams from other schools attended. The orchestra separated into two groups and the two groups both attended. One group got the gold award and another group got the silver award. It was super great news for the team.

Do you love music and play an instrument too? Join the team next year by going to the music room for the audition!

Handbell Team

By Chloe Cheung (6E) and Peony Lui (5B)

In our school, we have many kinds of teams. This time, we are writing about our handbell team.

The handbell is like an upside down bell with a handle. Ring the handbell, and then the bells will make a beautiful sound.

In our school, we only have thirteen people in the handbell team. They are all between Primary 4 to Primary 6. Playing handbells

needs teamwork. Although we have only 13 people in the handbell team, they work hard. They join the practices every week, so there will be no problem!

Miss Cheung and Miss Chan from 1C are the handbell team's teachers. Miss Cheung said, "I am so proud of our handbell team. They work hard and got many prizes in many competitions."

Our handbell team needs to practise every Monday from 4:30 to 5:30 and every Friday from 3:30 to 5:15 in the dancing room. They need to practise for a long time because they have many shows to perform. They are usually held in halls in many different schools from Monday to Friday. They normally perform three times a year. They have played many songs like "The First Song of Isaiah", "Triumphant Spirit", "Staccato Giososo", "Mallet Madness" and "Mickey Mouse".

Yentle Kam from 4A said, "I joined the handbell team because I think playing handbells is very beautiful and nice!"

If you want to join the handbell team, you should find Miss Chan and ask her about it.
