

First Day of School at LKPS

By Yanis Miu (6B) and Charlotte Chau (4B)

On 1st September, it was the first day of school for the teachers and the students. A lot of things happened. There were new P.1 students starting their first day of school. P.2 – P.6 students changed classes, classmates, and class teachers.

There was an opening ceremony. Ms. So gave a welcome speech to the students and introduced the new teachers. They decided the monitors and helpers in the classroom. The teachers started ‘window writing’. This means that teachers write sentences on windows of the classrooms that cheer students up. The teachers wrote small quotes and drew pictures on the windows for students to look at, such as “Work hard!” or other quotes.

Zita Lee from 6B said, “The first day of school was so lively and boisterous!”

Ms. Yeung from class 4B said, “The first day of school was a great start for all of the students.”

There was also a new broadcast called “Lee Kamera”. Students announced circulars and did some small skits on this broadcast, including stories and more.

The students were so excited for this school year, and this was a great start for the year.

Ms. So gives a speech to the students about behaviour in the school's new facilities during the opening ceremony.

New Teachers at Lee Kam

By Jone Cheng (4D) and Jasper To (4C)

There are lots of new teachers at Lee Kam Primary School this school year. The students will learn from them. The names of some of the new teachers are Ms. Leung, Ms. Chow, Ms. Lai and Ms. Yeung. Ms. Chow teaches 4D and Ms. Leung teaches 4A. Ms. Lai teaches 2A and Ms. Yeung teaches 4B. They are very popular because they teach many subjects and pupils.

The new teachers like the students. One reason is because they are so cute. Ms. Leung said, “Although my students can be naughty, they are so cute.” Another reason is that they are very helpful.

The new teachers are sometimes angry if the pupils don’t behave well in the lessons, but the teachers will praise the students when they behave well. Sherman Liu from 4D said, “I like the new teachers because they are always kind if the children are responsible.”

Justin Wong from 4D said, “The new teachers are very good because they are kind.”

The teachers are fun too. Ms. Leung likes the *Peanuts* character Woodstock. Her bag and her water bottle both have a picture of Woodstock on it.

Are they the only new teachers in this school? Maybe you can find out by yourself.

Lee Kam Students' Casual Day

By Ingrid Lee (6D) and Cassie Leung (5C)

On 12th October, 2017, students at LKPS had a Casual Day. Casual Day is for the students to dress in their own clothes and donate money to help poor people. It's a meaningful event. The donated money is sent to Hong Kong Community Chest. This charity gives money to the disabled and the poor. Students who donated more than \$100 would get some souvenirs from the charity.

On that day, some students wore the school uniform, but most of them dressed in their own clothes. Some girls dressed beautifully like a princess. Many students also wore sunglasses or hats too. They really loved to dress in a special way.

It was a special day for the students because it was the only time for them to wear their own clothes to school. Jairus Cheung from 1B said, "I wore my favourite clothes to school. I felt very good. Although I didn't donate money, I still enjoyed the day."

Also, the teachers liked that day too. Mr. Hui said, "I was thankful because many students donated money and I saw the students enjoyed the day. I hope the students will enjoy the next Casual Day like they did this year!" Everyone in LKPS is looking forward to the next Casual Day.

The students enjoyed donating money for the charity.

Maths Reading Month

By Maxwell Yeung (6A) and Mennas Ko (4A)

October was the Maths Reading Month at Lee Kam Primary School. The students read Maths books. They did it because the teachers wanted the students to learn more about Mathematics so they could get better marks in their exams.

The teacher found some books about Maths and checked if the students liked them. There was a book called *Chicken Brother*. It was about a chicken looking for his brother by doing sums.

There were dramas, games and activities. The parents of some students prepared games for all the students. For example, the students would throw balls to solve sums. They had to throw the ball to the right answer.

Mr. Chong, the Maths teacher, said, "I am glad we had the Maths Reading Month."

Vanessa Yau from 4A said, "Maths Reading Month makes us learn maths more happily."

Prefect Allegiance Ceremony in School Hall

By Vera Siu (5D) and Natalie Mok (5A)

On the 29th of September, 2017, LKPS had a prefect allegiance ceremony in the school hall. The ceremony was held to celebrate the prefects' hard work. In the ceremony, the school chose new head prefects and vice head prefects. There were many prefects. All the prefects were from P.4-6.

The prefects promise to be responsible and respectable.

During the ceremony, the prefects lined up and walked onto the stage to face the other students. Then, they raised three fingers to take an oath. They promised to be responsible and nice prefects. They wore their prefects' badges. It was a short ceremony.

The prefects work very hard. They are nice and responsible. They help teachers keep students in order. They also help P.1 students when they're lost or need help.

Halloween at LKPS

By Azure Wu (4C) and Thomas Chan (6B)

On 30th October, 2017, there was a Halloween party at LKPS. Some students wore their Halloween costumes. Some of them wore skeleton costumes, and some of them wore vampire costumes. It was a scary day.

That day was a revision day so the students went to the hall to play games for their English class. They didn't go to the haunted house because there wasn't one. Why wasn't there a haunted house? Miss Karen, the English workshop teacher, said there wasn't a haunted house because last year, she had a nightmare after the Halloween party. So, this year there wasn't a haunted house.

The students are playing a game to get candy.

There was bowling, golfing, and a lot of games. Also, the students won a lot of candy if they finished the games. All of them felt happy. Aleph Wu from 1A said, "The Halloween party was scary!"

At recess, the students said, "Trick or treat!" They had sweets. There was story time in the English Room too. There were scary stories. One of the stories was about a magic pumpkin. All of the students at LKPS had a scary and fun Halloween.

Nature Learning Day

By Peony Lui (6B) and Jaiden Chan (6D)

On 4th October, 2017, Lee Kam Primary School had a Nature Learning Day to let students know more about trees and plants. P.1 went to Tuen Mun Park, P.2 went to Park Promenade Nature Trail, P.3 went to Inspiration Lake, P.4 went to Victoria Park, P.5 went to Kowloon Park, and P.6 went to New Life Farm.

Lee Kam's students had a half-day for these trips. The trips started at 9:00 a.m. and finished at 12:00 noon. All the students learned so much from these trips. P.1-5 learned different information about trees. They drew and wrote about their favourite trees or flowers on a worksheet.

But in P.6, the students did something more interesting. P.6 students could collect vegetables because the Lee Kam teachers and Ms. So wanted P.6 students to know how to do farm work. The students had so much fun on this trip.

Wing Lee from 6B said, "This trip's most interesting part was collecting vegetables in a warm room. I want to go there again, but I need to graduate."

Miss Wong from 6D said, "Students can learn about different kinds of plants. I liked this trip because I could buy organic food."

P.6 students are collecting vegetables for selling in the market.

New Subjects for PE

By Wise Leung (4A) and Terry Choi (6D)

There are some really fun things to do in PE class this year for LKPS students. Students can do hip-hop dance and dragon dance. Mr. Liu, our school's PE teacher, said, "Dancing is fun! I like it!" Mr. Liu dances with the students.

Many teachers from other places such as the hip-hop dance club and dragon dance club came to teach. There are even hip-hop dance and dragon dance teams. A lot of students joined the two teams. In December, they will need to perform on the stage. They are very nervous because the teachers need them to be better and better.

Mr. Chan said, "The dragon dance is great!" Mr. Chan is also a PE teacher. But Jeremy Ng from 4A said, "I don't like either of the dances." Most of the students enjoyed these new things, and they hope there will be even more to do next year.

CHANGES at Lee Kam Primary School

New School Facilities

By Marvin Wong (5C) and Aidan Cheung (4A)

Over the past summer holiday, Lee Kam Primary School added some very impressive facilities to the school and students are loving them. For example, on the ground floor, instead of the sofa, the school added a foosball table and a new beverage machine. The school also added a very new chess corner.

The school has added an extra 'playing corner' to help P.1 students get the most out of learning. There are building blocks so they can learn about patience. They also added TVs for P.1-P.3 students so they can learn by watching educational videos on subjects the teachers are teaching.

Many students like the foosball table and go crazy for it, especially the boys in P.5-6. It helps them learn about friendship and accept losing. It has tiny players on the table, and the players have handles. Students can move the tiny players to prevent the other team from scoring.

Each student gets two minutes to play in the area. After two minutes, prefects will ask them to leave. Chan Man Hei from 5C said, "I like the foosball table very, very much."

But Mr. Leung said, "If the students are too violent, they will break it."

The school also added new tables and a new seating plan in the school canteen to make it easier for teachers to find students. All the students at LKPS like the new school facilities and hope to see more in the future.

Mr. Leung is talking about the rules for the foosball table.

New LUNCH COMPANY

By Tac Cheung (6D) and Max Wu (4A)

On the 1st of September, the school had a new lunch company in the canteen. The lunch company is called "Danny Catering." The lunch company makes different kinds of healthy food like spaghetti with meat sauce and rice with vegetables.

Everyone has a different opinion about the new lunch company. Vincent Lam from 6D said, "I saw some strange things in the food. Once I saw a hair or even a bug in it."

Mrs. Lee, who monitors the canteen, said, "I like the new lunch company because they have a wide variety of food. I like the food because the food tastes good."

Everything is different in the canteen, like the tables and the chairs. In the past, the tables and chairs were made of metal, but now they are plastic. The students think that lunchtime is important because lunchtime is a part of their break time. Without lunchtime, the students would starve.

On the 15th of September, the school's students thought the cups were making the water strange. Then, the principal wrote a notice about students bringing their own water bottles. After one month, the lunch company got new plastic cups. The students did not need to bring their own water bottles. They were happy about that.

Everyone has a different opinion about the lunch company, but we need to respect different opinions. We need to talk about it with the teachers to improve the new lunch company.
