

## Super Studio Arrives at Lee Kam!

By Jody Tang (4D), Zoe Siu (4C) and Candy Chin (5B)

In 2019, a new facility opened at Lee Kam Primary School. It is called Super Studio, and students can do a bunch of different activities there. These activities include playing with toys and board games, reading books and playing chess. It is on the first floor. There are desks and chairs. There are many books and toys for students to play with. It

doesn't matter if you are a P.1 or a P.3! Teachers can give some toys to Super Studio.

Students are very excited about the facility. Sena

from 5C said, "Super Studio looks really fun!"

Another student we spoke to was Ellie from 4D. She said, "We can bring some books to read. In Super Studio, we cannot speak loudly."

"We love Super Studio very much! Have fun!" said Vena from 5B.

Super Studio is so popular! Students are enjoying it a lot.

## Super Toilets at Lee Kam

By Jone Cheng (6E) and Azure Wu (6D)

In September 2019, some toilets were changed at Lee Kam Primary School, surprising students throughout the school. The new toilets can be found on the ground, first and second floor. They also have other features. The mirrors can be pulled open so that you can put soap, tissues and towels away neatly. They are very useful. The mirrors in the toilets are also very clear and clean. This means that students can look in the mirrors and make themselves neat and tidy.

It is believed the school changed the toilets because students kept making the toilets dirty. It was the principal who decided that the school would get new toilets.

Students are excited about the new toilets. Aleph from 3D said, "The toilets are very clean. I like the

toilets."

Matthew from 1D said, "The toilets are beautiful!"

Many students believe that the toilets are now better than ever.

Hopefully, these new toilets will last and will not be destroyed or made dirty!

# Super Lee Kam Football Team!

By Elvis Kwok (4B) and Marcus Mok (6D)

**T**he members of the Lee Kam Primary football team practise how to be an excellent football player after school every Thursday from 3:10 p.m. to 4:10 p.m. They practise at the playground. Their coaches are Mr. Chan and Mr. Leung.

The team members need to wear the uniform of their team. They will warm up first and do some stretching exercises. Then they will split into two teams and compete with each other. Then, the coaches will give them challenges.

One practice challenge is kicking the ball into the goal. If you do this, you score one point! The team that scores the most points is the winner.

Players enjoy being on the team. Jeremy from 1D said, "I like football because it is fun and I can have a sense of success!"

The football team at practice

Matthew from 6D said, "I like football, too. I play it twice a week!"

If you would like to join the football team, you should find Mr. Chan. Let's join the football team!

## Halloween Party is Fun!

By Estee Kwok (4E)

**F**or Halloween this year, students wore scary costumes and gave each other candies at a Halloween party. The Halloween party took place on the 29<sup>th</sup> of October. All students at the school attended. They could trick or treat in the school hall at recess. Many students liked to wear pumpkin costumes because they like pumpkins. A lot of students want to go to the haunted house next year! Sadly, there was no haunted house this year.

Students gather at the Halloween party.

Students exchanged candies like gummies, lollipops, chocolate and chewing gum during recess. They loved their candies! Some students got a big bag of candies. Ellie from 4D said that she thought the Halloween party was interesting.

Students then ate their candies during recess. At the end of the day, teachers asked the students Halloween questions. The teacher would say a word about Halloween and the class would raise cards to spell the word. However, some students did not like the questions.

## New Chinese Teacher Ms. Xu is Funny!

By Ellie Yip (4C) and Charis Cheung (4D)

**M**s. Xu teaches Chinese at Lee Kam Primary School. She just joined the school this year. She is from Beijing. In her class, students learn Putonghua by listening to her speak. She dresses very formally. Ms. Xu says that she likes living in Hong Kong. "I like eating udon noodles," she said. "I also like the colour red."

In her spare time, Ms. Xu likes to sing. She likes shopping with her friends. She likes being a teacher. She likes reading books and magazines.

Students think she is glamorous and clever. She makes students happy! Zoe from 4C said, "Ms. Xu is a helpful and funny teacher!"

Jody from 4D said, "Ms. Xu lets us play cards at recess and it's fun."

Students are glad Ms. Xu has come to Lee Kam Primary School.

## Mr. Chan, New English Teacher

By Himmy Chan (4B) and Hanson Lau (5B)

**M**r. Chan is a new English teacher at Lee Kam Primary School. He also joined our school this year. He is from Hong Kong. He teaches P.5 students. He likes singing and he loves music. He is always kind to the students, and he teaches students well.

He always plays with students during recess. He often answers our questions. Students like Mr. Chan. One student, Ethan from 5B said, "I like Mr. Chan because he is kind and caring."

Mr. Chan said, "Having joined LKPS, I can naturally think of a saying, 'variety is the spice of life'. New experiences can always make our life more exciting. I hope I can get on with my students and gain the most of the opportunity to serve at the school. What I strongly believe is that pupils are like seeds on the farmland. How they are growing depends a lot on what we give them."

## What's New? Trends at Lee Kam

### Pen Spinning Very Popular at Lee Kam!

By Shannon Chen (6D) and Charlotte Chau (6C)

**T**his year at Lee Kam Primary School, a new toy has been attracting a lot of attention: pen spinners. There are many skills to grasp like sonic reverse and multiple sonic reverse. This is one of the reasons the pens are so popular with students in P.5 and P.6.

Macy Chan, a student from 6C with multiple

spinning pens said, "They are expensive! I have seven pens. \$200 dollars in all!"

Herman Lee from 6C said, "I love spinning pens. They are interesting and fun. I have three pens that cost \$75 dollars altogether!"

Justin Wong from 6D said, "I have only two pens, but I love spinning very much!"

Even some teachers like spinning pens. They spin even when they are talking. But some teachers will

# Garena Speed Drifters is Trending

By Ethan Chan (5B) and Ethan Tse (5D)

Last year, a game called *Garena Speed Drifters* started trending at Lee Kam Primary School. Students can install the game immediately on their phones, and they say that it is very addictive.

The game is about car racing. It is a bit like *Mario Kart*. There are different game modes. These include classic mode, time travel mode, and item mode. The game is played with a steering wheel. You swipe your phone screen to move the steering wheel and tap the buttons to control other features like rocket boosts or super speed. You can play as one of the game's characters, or you can customize your own characters.

Pro-gamer Angus So from 5D said, "I got recommended by others to play the game, and I can't stop playing it because it is awesome!" Angus is like many students who enjoy the game.

Yet some students still have not heard of the game. Charlotte from 6C said, "I have never heard of the game, but I have seen some students play it." This means the game could still grow at Lee Kam Primary School.

While this game is the trend of the year, only time will tell whether it will last in the future. There may be a different game next year!

## Book Review: *The Treehouse Series*

By Jasper To (6A) and Aidan Cheung (6A)

Have you heard of the *13-Storey Treehouse* series? It is an imaginative series which has a pair of orphans who build a treehouse with facilities you could never think of. They have facilities like the scribbletorium and a vegetable vapourizer. They add 13 storeys to their treehouse in every book.

The storyline is about a pair of boys who get away from their families and live by themselves. They write books for Mr. Big Nose, a boss who owns Big Nose Books. They usually play around and do random things in the treehouse, like making movies (*The 78-Storey Treehouse*), and feeding their man-eating sharks (*The 26-Storey Treehouse*). Although they cause problems sometimes, they always manage to finish their books in the end. If you like crazy stories about a cool treehouse and enjoy looking at crazy machines ("The Once-Upon-A-Time" machine in *The 39-Storey Treehouse*), then this is the series for you.

An interesting fact about this series of books is their naming. It has a specific number order. The first book is *The 13-Storey Treehouse* and the number in the book title counts up in 13s. The latest book is *The 117-Storey Treehouse* (the ninth book).

Max Wu from 6D said, "I think this series of books is amusing and interesting."

We are all looking forward to *The 130-Storey Treehouse*. In August 2020 it will be released to bookstores around the world.

## Pen Spinning

(Continued from page 3)

take away the pens if they see students spinning them.

The earliest record of pen spinning came from a student in Japan before World War 2. Another pen spinner in Japan was named Hideaki

Kondoh. He spent many years spinning a pen back in the late 1980s and was able to do 24 tricks. Such tricks included Thumb Around, which when done correctly, allows your pen to spin completely.

While pen spinning is very popular this year at Lee Kam Primary School, a new toy may be popular next year!
