

Hong Kong Travel Day

By Jackson Wan (4C) and Keifer Kung (4E)

In December, January and February, P.4-P.6 students from Lee Kam Primary School went to Lam Tsuen in Tai Po. They went there to learn about the history of the village. They travelled there by school bus.

When they arrived, they worked very hard to **learn about the village's history. They also learned** about what the people there do every day. They visited some famous places there, such as: the Peach Field, Lam Tsuen School and the Wishing Tree. They were very busy there, but fortunately they had three hours for their trip.

The most popular place was the Wishing Tree. People always make a wish in front of this tree because it will make their wishes come true! Ryan Ka from 5B said, "I wished that there would be world peace when I went to the Wishing Tree."

The students went on this trip because the teachers wanted them to learn more about Lam Tsuen history. The students had a lot of fun on this trip. Vincent Cheung from 4E said, "It was the best trip ever!"

The Lee Kam Primary students hope that they will have more trips like this in the future.

Sports Day

By Ting Lai (6B) and Henry Tsang (6D)

On 11th March, all of the students at Lee Kam Primary School had Sports Day at Tang Shiu Kin playground.

There were many different competitions for P.3-P.6 to join. There was 60m, 100m, 200m and 400m for running. There was also long jump, high jump, shot put and running relays.

They also had an inter-house cheering competition. The winners got gold medals, second place got silver medals and third place got bronze medals. The top athlete from each year group got a big trophy. Gigi Yeung from 6B said, "I felt excited on Sports Day, and I was also happy that some of my classmates won."

This year, Sports Day was different from last year. This year, there were five houses. They were: Sincere, Unique, Pleasant, Energetic and Responsible. Different houses had different colours. Some of the students wore the coloured uniform that matched their house.

Some students did not enter the competitions. Instead, they helped the teachers. They did things like collecting the shots in shot put and raking the long jump pit. They really helped Sports Day very much.

In the competitions, all of the students did their best and their classmates helped them by cheering for them too. Everybody enjoyed Sports Day very much!

The Good People & Good Deeds OF Lee Kam

Classroom Helpers

By Ryan Ka (5B) and Ceci Chan (5C)

The classroom helpers are the students who help the teachers. Each class has classroom helpers, and there are different kinds of jobs for them to do.

The people who do these jobs help a lot, and **they will do extra jobs so that the teachers won't get too tired. They help the teachers gather the students' homework and clean the classroom to make it nice and tidy. The I.T. helpers turn the computer on for the teacher, and the Notice Board helpers help the students to display pictures and posters.**

The classroom helpers are good students. They are chosen by the teachers or the students if they believe they can do the job well. The helpers are changed every half a year, so that everyone can try doing a job. This means that it is fair to everyone. **Sally Ching from 5C said, "I am honoured that I can help others by being a classroom helper!"**

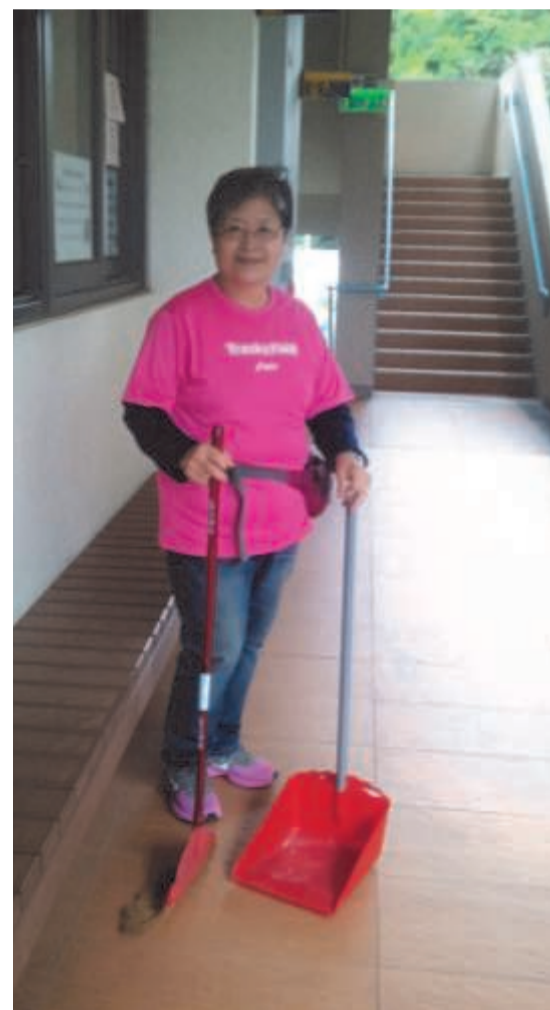

The classroom helpers help the students and teachers of Lee Kam Primary School a lot. **"The classroom helpers work hard, so I want to say 'Thanks' to them for their help!"** said Kelly Tsang from 5C.

Janitors

By Celia Tsang (5C), Smiling Po (5B) and Nicole Lai (5B)

The janitors are very important people at Lee Kam Primary School. They help to clean the places that are dirty in the school, and they do other jobs too.

Every day, the janitors work hard to keep the school clean. They sweep the floor, clean the desks

and chairs and clean the blackboard. Also, every day they deliver the newspapers like Goodies and Junior to the classrooms. They also put different worksheets in each class. Yannes Chan from 5E thinks, **"They are awesome! They always clean our desks well."**

Sometimes, the janitors also take sick students, or students who need to go to competitions, out of school. They also **pack sick students' bags and carry them to the sick bay.** Chloe Ng from 5D said, **"I think that the janitors help us so much!"**

The janitors do their job very well. They are kind and helpful to the students and teachers. We would like to say **'Thank you' to them for all their hard work!**
